

Willamette Motor Club

General Meeting Minutes

Date: Thursday, April 15th 2010

Start: 7:40 p.m. End: 9:15 p.m.

Introduction of the Guests:

Approval of the minutes: yes

Attending Members: James Harris, Stephanie Harris, Barry Warren, Ripley Bryant, Tim Maloney, Frank Fields, Charles Cope, Mike Grant, Paralee Grant, John Harris, Connie McIntire, Chris Davie, and Ryan Davis

Committees Information / News:

Website:

- Ripley posted the results from the April event, after Chris quickly got them to him. Great job, guys!
- Last month's minutes are up on the web site.

Autocross:

- The first event ran pretty smooth despite having to use stop watches. We had 58 entrants.
- Course set up for the April event is this Sunday, 8am at McKay.
- We still need a site for the last two events. James is going to chair and Tim is going to co-chair the last event.
- Connie heard back from the realtor for the Woodburn site and they think the site is sold. Connie asked him to keep in touch in case we might still be able to use it. She is also going to ask him if he knows of any other sites we might be able to use.
- Connie also asked for a reminder for people to stay in their cars while they are moving.

Hill Climb:

- Insurance and permits have been filed for the Hill. There's a new Hill so hopefully the insurance cost will go down.
- Chris suggested contacting the club that puts on the Mary's Hill Hill Climb up by Stonehenge to see if they would be interested in attending Bible Creek.
- Frank suggested contacting Grassroots Motor Sports or the Statesman Journal to see if there would be interest in doing a story on the Hill.

Old Business:

- James talked to Race America about the timing equipment. It is all repaired and just waiting on payment. Hopefully we will have it back before the April event.
- Ripley also did some research for online registration. Axware has a system that enables online registration and allows drivers to pay either via credit card or Paypal. A few days after the event we can get a check sent to us, minus the Paypal or credit card fees. He also looked into just doing a PDF file and setting up a Paypal account. It would be cheaper, but it would create more work for someone to follow up and make sure everyone has registered and paid correctly.
- Ryan Davis re-did our tech sheet for the yearly tech. Chris is going to find out specifics about the yearly tech, and we will discuss it more the next meeting. Thanks, Ryan!!
- James got labels for the yearly tech. The ones voted on ended up being paper so James got different ones.

New Business:

- Charles printed up a paper stating the class changes for 2010. They will be put on the registration table.
- James brought up the idea of getting a storage unit for the timing trailer. Ripley offered to store the trailer at the coast for the winter months. Everyone is going to look into storage prices and report back the next meeting.
- Connie commented that there were a few people that didn't have licenses that were trying to compete. Chris suggested that the person handing out wristbands could also check for licenses.
- Paralee is going to ask her boss about prices to paint the new WMC helmets. We have 4 new ones, and 10 total.

Announcements:**Swap and Sell:**

Charles has a 13b motor

Connie needs a 1986 Tercel driver's side turn signal light (fender).
