SAFETY: Note, we will be following all recommended Covid-19 prevention measures, including 6 ft social distancing and wearing a face covering when outside of your vehicle. Loaner helmets are available, but only one driver may use a specific loaner helmet per event. If you are not a novice, it is highly recommended to bring your own approved helmet. We will provide a supply of latex gloves, wipes, and hand sanitizer, but its primary purpose will be for sanitizing and keeping club equipment clean, not general use. Please bring your own for personal use.

All drivers and passengers must wear an approved helmet (Snell M2005 or SA2005 or newer) in order to compete. Some loaner helmets are available, but are in short supply and due to Covid-19 will not be shared. Shoes are also required (no sandals, open toe shoes). Your car **MUST** be equipped with seatbelts and be in good working order (brakes, tires, etc.). No studded or temporary use tires. No loose objects in the car. No loose or bungee corded batteries, solid mount only. Noise restrictions are in place for this event, set at 92db @ 50 feet.

VOLUNTEERS NEEDED: If you are running in the morning and would like to help us set up the course, we start at 7:00 AM. For those running in the afternoon, we could use your help at clean up. **ALL HELP IS APPRECIATED.**
